Dear Cres,

I have sent to you my Arabic script typewriter. For my own records and yours, I would like you to mail me a receipt stating that you have my typewriter in your posession. I am letting you use my typewriter with the confidence that you will personally see to it, that it is kept care of and returned cleaned and in good condition.

Viva la Causa!

P.S. I would like the receipt to state that the Union is taking the responsibility of my typewriter while it is in their posession.
